WORK EXPERIENCE

EDUFUSE PRIVATE LIMITED (Software Developer Intern)   Sep 2022 - Dec 2022

– During my software developer internship at EduFuse Private LTD, I had opportunity to work with the MERN stack, along with MUI and AWS.During my internship.

TechRupt Innovations (Front-End Developer)   Apr 2022 - Apr 2022

– I was making website for their client using ReactJs.

PROJECTS

Buffer   Link to Demo

It is a full stack website made with ReactJs,NodeJs,Express,MongoDb. This website is a eCommerce for chemical industries.Its like one industry want goods that other industry make. We are trying to connect industries.

insideGuide   Link to Demo

This project aims to create a library management system for people with vision impairment.Our aim is to provide an interactive and user-friendly interface that allows users to access books in the library with ease.

ACIEVEMENTS

Smart Inda Hackathon 2022 - Winner

– My Team $Spam\_Bytes$ participated in Smart India Hackathon that is India's biggest hackathon. We user MERN stack and made over 50+ API's
– It makes easy to register a complaint (under 1min) and as soon as you file a complaint automated call system generates a call to registered mobile number of the local authority.

BitBox-Hackathon by GDSC JIIT 128

– My team $Brute\_Force$participated in BitBox that was having more than 600+ registrations and Was in top 5.
